INDEX

Academic success; 257
Aerial view of the Meteorological Office, Bracknell, from the south-west; *photograph facing* 53
Analysis of forecasting in the Mediterranean; *letter* from F. E. Lumb, 131
Analysis of a weak discontinuity at Malta, 2 September 1960; T. H. Kirk, 51
Anemograms from the electrical anemometer at Lowther Hill, Lanarkshire; *photograph between* 180, 181
Angell, J. K.; Meteorological applications of constant-volume balloons, 37
Arts and Crafts exhibition; 229
Aspects of the synoptic climatology of central south England; R. G. Barry, 300
Assault on the unknown (W. Sullivan); *review* by G. B. Tucker, 66
Atmospheric turbulence and its relation to aircraft; *review* by J. Briggs, 347
Automatic weather station development in the Meteorological Office; N. E. Rider, 243, *photographs between* 244, 245

Barry, R. G.; Aspects of the synoptic climatology of central south England, 300
Benwell, G. R. R. and Watt, G. A.; Prediction of the 24-hour displacement of thermal troughs, 351
Birmingham (Edgbaston) auxiliary reporting station; *photograph facing* 148
Botley, Cicely M.; Hoar-frost crystals, *letter*, 163
Botley, Cicely M; The sub-sun, *letter*, 375
Botley, Cicely M.; Thunderstorms and tornadoes, *letter*, 35
Boyden, C. J.; Development of the jet stream and cut-off circulations, 287
Boyden, C. J.; The jet-stream profile and its relationship to the thermal field, 259
Boyden, C. J.; Jet streams in relation to fronts and the flow at low levels, 319
Boyden, C. J.; Relationships between sea-level isobars and the wind speed at 900 metres, 101
Boyden, C. J.; A simple instability index for use as a synoptic parameter, 198
Brabazon Trophy; 257
Bracknell Chess Club; 285
Bradbury, T.A.M.; Glider observations of lee waves in and above a field of cumulus cloud, 156
Briggs, J.; Atmospheric turbulence and its relation to aircraft, *review*, 347
Briggs, J.; Stellar scintillation, 69
Bull, G. A.; Meteorological Office archives, 64, *photograph between* 52, 53

Catchpole, A. J. W.; The Houghall frost hollow, 121
Caton, P. G. F.; Wind measurement by Doppler radar, 213, *corrigenda*, 257, 285, *photographs between* 212, 213
Charles, B. N.; Complete and incomplete wind data collections, *letter*, 348
Clarke, D. H.; *obituary*, 100
Climatologie méthodes et pratiques (H. Grisollet, B. Guilmet and R. Arléry); *review* by J. Cochemé, 373
Cochemé, J.; Climatologie méthodes et pratiques, (H. Grisollet, B. Guilmet and R. Arléry), *review*, 373
Cold spells at London; C. A. S. Lowndes, 165
Comparisons of rain-gauge measurements; E. R. C. Reynolds, 210
Complete and incomplete wind data collections; *letter* from B. N. Charles, 348
Computation of geostrophic winds by objective analysis; M. H. Freeman, 329
Computation of monthly summaries of winds from incomplete data; D. Dewar, 116
Computer programme for the calculation of mean rates of evaporation using Penman's formula; C. P. Young, 84
Conference of Commonwealth Meteorologists, May 1963; A. A. Worthington, 273, *photograph facing* 274
Cross-country race at Manchester; 35

Daking, C. W. G.; Fourth Congress of the World Meteorological Organization, 222
Damage caused to a Jet Provost wing-tip tank by lightning on 3 April 1963, *photograph between* 302, 303
Davis, N. E.; The 100 mb chart and a change of surface weather type near the British Isles, 183
Davis, N. E.; The 100 mb chart and dry spells at London (Heathrow) Airport, 275
Dent, L. and Dyson B.; Rotor streaming over the Pennines, 358
Development of the jet stream and cut-off circulations; C. J. Boyden, 287
Dewar, D.; The computation of monthly summaries of winds from incomplete data, 116
Director-General; The International Meteorological Organization Award to Dr. R. C. Sutcliffe, C.B., O.B.E., F.R.S., 197, *photograph facing* 212
Dixon, J. F.; Microcards of IGY Meteorological data (G. London), *review*, 99
Downward penetration of snow in relation to the intensity of precipitation; F. E. Lumb, 1
Dyson, B. and Dent, L.; Rotor streaming over the Pennines, 358

Estimates of the potential transpiration in the month of March for two places in Scotland; R. W. Gloyne and N. M. McSween, 154
Examples of lightning at Changi, April 1956; *photographs between* 148, 149
Experiment in operational numerical weather prediction (E. Knighting, G. A. Corby and P. R. Rowntree); *official publication*, 130
Exploring the atmosphere (G. M. B. Dobson); *review* by R. Frith, 284

Extremes of wind shear (A. F. Crossley); *official publication*, 130

Far East Air Force Command Sailing Championships; 196
Ferreira, H. A.; *honour*, 67
Findlater, J; Some aerial explorations of coastal airflow, 231
Fleetwood (Lancashire) Coastguard lookout; *photograph facing* 149
Forecasting the central pressure of Atlantic depressions by objective methods; J. G. Moore, 249
Forecasting dry and wet spells; *Meteorological Office discussion*, 65
Fourth Congress of the World Meteorological Organization; C. W. G. Daking, 222
Freeman, M. H.; The computation of geostrophic winds by objective analysis, 329
Frith, R.; Exploring the atmosphere (G. M. B. Dobson), *review*, 284
Frith, R.; Royal Meteorological Society's visit to Bracknell, 375
Fumulus; E. N. Lawrence, 48, *photographs between* 52, 53
Funnel cloud observations at Bracknell; *letter* from E. C. W. Goldie, 376
Further development of the instability index; G. J. Jefferson, 313

George, D. J.; Time-lapse photography in meteorology, 192, *photograph facing* 181
Glider observations of lee waves in and above a field of cumulus colud; T. A. M. Bradbury, 156
Gloyne, R. W. and McSween, N. M.; Estimates of the potential transpiration in the month of March for two places in Scotland, 154
Goldie, E. C. W.; Funnel cloud observations at Bracknell, *letter*, 376
Gordon, A. H.; Meteorologie der Strahlströme (Jet Streams) (E. R. Reiter), *review*, 129
Grimmer, M.; Turbulence near Derna on 21 March 1962, 145
Grindley, J.; Vegetation and hydrology (H. L. Penman), *review*, 283
Groves (L. G.) Memorial Prizes and Awards; 34, *photographs facing* 34

Harper, W. G.; Open Days at the Royal Radar Establishment, Malvern, 317, *photograph facing* 303
Harrower, T. N. S.; Runway visual range, slant visual range and meteorological visibility, 26
Herrod, T.; *retirement*, 68
Hoar-frost crystals; *letter* from Cicely M. Botley, 163
Hodkinson, J.; Some observations of slant visibility in fog, 15
Houghall frost hollow; A. J. W. Catchpole, 121
Houseman, J.; Tornado in the Vale of York on 25 June 1963, 366, *photographs between* 364, 365
Hurst, G. W.; Small mottled willow moth in southern England, 1962, 308, *photographs facing* 302

Ice growths formed on grass stalks; *photographs between* 116, 117
Icicles photographed on the evening of 24 January 1963, *photograph between* 364, 365
Index of comfort for Singapore; P. M. Stephenson, 338
International Meteorological Organization Award to Dr. R. C. Sutcliffe, C.B., O.B.E., F.R.S.; Director-General, 197, *photograph facing* 212

Jefferson, G. J.; A further development of the instability index, 313
Jefferson, G. J.; A modified instability index, 92
Jefferson, G. J.; A photograph of the sub-sun, 254, *photograph facing* 245
Jefferson, G. J.; A scale for minimum radius of curvature of anticyclonic flow, 113
Jefferson, G. J.; The sub-sun, *reply to letter*, 375
Jet-stream profile and its relationship to the thermal field; C. J. Boyden, 259
Jet streams in relation to fronts and the flow at low levels; C. J. Boyden, 319
Jones, R. F.; The physics of rainclouds (N. H. Fletcher), *essay review*, 96

Katabatic winds at Acklington during a very cold spell; J. B. McGinnigle, 367
Kelly, T.; A study of persistent and semi-persistent thick and dense fog in the London area during the decade 1947–56, 177
Kirk, T. H.; Analysis of a weak discontinuity at Malta, 2 September 1960, 51
Kirk, T. H.; An oscillatory pressure jump at Malta, 89
Kirk, T. H.; A 'pressure jump' at Malta—1 June 1961, 133
Kirk, T. H.; Some synoptic features of an occurrence of low-level turbulence, 147
Klimaschwankungen und grossräumige Klimabeeinflussung (H. Flohn); *review* by H. H. Lamb, 346
Knighting, E; Tables of normalized associated Legendre polynomials (S. L. Belousov), *review*, 67
Kubicki, F.; *obituary*, 164

Lamb, H. H.; Klimaschwankungen und grossräumige Klimabeeinflussung (H. Flohn), *review*, 346
Lamb, H. H.; Palaeoclimatology, 246
Lamb, H. H.; The weather : past and future, 269, *photographs facing* 270, 271
Lawrence, E. N.; Fumulus, 48, *photographs between* 52, 53
Lighthouse at Cape Wrath, Sutherland; *photographs facing* 2, 35
Lighthouse at Rhuvaal, Islay; *photograph facing* 35
Lighthouse at Rudh Re, Wester Ross; *photograph facing* 3

Lockwood, J. G.; Winds at the 200 mb level over the tropics and sub-tropics during the seasons of monsoon change, 75
Lowndes, C. A. S.; Cold spells at London, 165
Lumb, F. E.; Analysis of forecasting in the Mediterranean, *letter*, 131
Lumb, F. E.; Downward penetration of snow in relation to intensity of precipitation, 1

McGinnigle, J. B.; Katabatic winds at Ackling-ton during a very cold spell, 367
McSween, N. M. and Gloyne, R. W.; Estimates of the potential transpiration in the month of March for two places in Scotland, 154
Meso-synoptic analysis of the thunderstorms on 28 August 1958 (D. E. Pedgley); *official publication*, 131
Meteorobiologie und Elektrizität der Atmosphäre (R. Reiter); *review* by A. E. Slater, 372
Meteorological applications of constant-volume balloons; J. K. Angell, 37
Meteorological Magazine: increase in price; 345, 375
Meteorological Office archives; G. A. Bull, 64, *photograph between* 52, 53
Meteorological Office at the National Gliding Championships, 317, *photograph between* 302, 303
Meteorological Office awards to captains and navigators of civil aircraft; 282, *photograph facing* 275
Meteorological Office Headquarters building; *photograph facing* 116
Meteorological Research Flight building at Farnborough; *photographs facing* 84, 85
Meteorologie der Strahlströme (Jet Streams) (E. R. Reiter); *review* by A. H. Gordon, 129
Meteorologisches Taschenbuch Vol. I (new series, second edition) (ed. by F. Baur); *review* by M. K. Miles, 255
Microcards of IGY meteorological data (G. London); *review* by J. F. Dixon, 99
Miles, M. K.; Meteorologisches Taschenbuch Vol. I (new series, second edition) (ed. by F. Baur), *review*, 255
Modified instability index; G. J. Jefferson, 92
Moore, J. G.; Forecasting the central pressure of Atlantic depressions by objective methods, 249
Murgatroyd, R. J.; awarded O.B.E., 229
Murray, Miss A. E.; *retirement*, 349

Nordlichtbeobachtungen in Ungarn (1523–1960) (A. Réthly and Z. Berkes); *review* by J. Paton, 371
Note on the operation of rain-recorders during cold weather; J. C. Rodda, 335, *photographs between* 334, 335

Oliver, J. F.; *retirement*, 349
100 mb chart and a change of surface weather type near the British Isles; N. E. Davis, 183
100 mb chart and dry spells at London (Heath-row) Airport; N. E. Davis, 275
Open Days at the Royal Radar Establishment, Malvern; W. G. Harper, 317, *photograph facing* 303
Oscillatory pressure jump at Malta; T. H. Kirk, 89

Palaeoclimatology; H. H. Lamb, 246
Paton, J.; Nordlichtbeobachtungen in Ungarn (1523–1960) (A. Réthly and Z. Berkes), *review*, 371
Photograph of the sub-sun; G. J. Jefferson, 254, *photograph facing* 245
Photographs of the London fog, 3–7 December 1962, *photographs between* 84, 85
Physics of rainclouds (N. H. Fletcher); *essay review* by R. F. Jones, 96
Pictorial guide to the maintenance of meteor-ological instruments; *official publication*, 285
Powell, P.; *obituary*, 131
Prediction of the 24-hour displacement of thermal troughs; G. R. R. Benwell and G. A. Watt, 351
'Pressure jump' at Malta—1 June 1961; T. H. Kirk, 133

Recent advances in seismology; *Meteorological Office discussion*, 229
Relationships between sea-level isobars and the wind speed at 900 metres; C. J. Boyden, 101
Reynolds, E. R. C.; Comparisons of rain-gauge measurements, 210
Rider, N. E.; Automatic weather station development in the Meteorological Office, 243, *photographs between* 244, 245
Rime on chain-link fencing (2-inch mesh), *photograph facing* 334
Rodda, J. C.; A note on the operation of rain-recorders during cold weather, 335, *photographs between* 334, 335
Rotor streaming over the Pennines; L. Dent and B. Dyson, 358
Royal Meteorological Society's visit to Bracknell; R. Frith, 375
Runway visual range, slant visual range and meteorological visibility; T. N. S. Harrower, 26

Saxby, J. C.; Trajectory curvature, 364
Scale for minimum radius of curvature of anticyclonic flow; G. J. Jefferson, 113
Seafarers' Education Service 1961 competitions; 195, *photograph facing* 180
Search for practical solutions in agricultural meteorology; *Meteorological Office discussion*, 162
Seminars on high-level forecasting, 228
Sheppard, P. A.; awarded C.B.E., 229
Simple instability index for use as a synoptic parameter; C. J. Boyden, 198
Slater, A. E.; Meteorobiologie und Elektrizität der Atmosphäre (R. Reiter); *review*, 372

Small mottled willow moth in southern England, 1962; G. W. Hurst, 308, *photographs facing* 302
Some aerial explorations of coastal airflow; J. Findlater, 231
Some observations of slant visibility in fog; J. Hodkinson, 15
Some synoptic features of an occurrence of low-level turbulence; T. H. Kirk, 147
Some variations of temperature and wind in the lower stratosphere; *Meteorological Office discussion*, 194
Special promotions to Senior Principal Scientific Officer, 316
Starrett, Major L. G.; Thunderstorms and tornadoes, *reply to letter*, 35
Stellar scintillation; J. Briggs, 69
Stephenson, P. M.; An index of comfort for Singapore, 338
Stewart, J. B.; Symposium on trace gases and natural and artificial radio-activity in the atmosphere, 279
Study of persistent and semi-persistent thick and dense fog in the London area during the decade 1947–56; T. Kelly, 177
Sub-sun; *letter* from Cicely M. Botley, 375, *reply* from G. J. Jefferson, 376
Sunshine recorder at Lowther Hill; *photograph between* 180, 181
Symposium on trace gases and natural and artificial radio-activity in the atmosphere; J. B. Stewart, 279

Tables of normalized associated Legendre polynomials (S. L. Belousov); *review* by E. Knighting, 67
Thermometer screen and electrical anemometer mast at Lowther Hill; *photograph between* 180, 181
Thomson, A. B.; Water yield from snow, 332
Three stages in the life of a funnel cloud at Bracknell on 2 September 1963, *photograph facing* 365
Thunderstorms and tornadoes; *letter* from Cicely M. Botley, 35, *reply* from Major L. G. Starrett, 35
Time-lapse photography in meteorology; D. J. George, 192, *photograph facing* 181
Tornado in the Vale of York on 25 June 1963; J. Houseman, 366, *photographs between* 364, 365
Trajectory curvature; J. C. Saxby, 364
Tucker, G. B.; Assault on the unknown (W. Sullivan), *review*, 66
Turbulence near Derna on 21 March 1962; M. Grimmer, 145

Unusual ice formation photographed at Bridgnorth on 25 January 1963; *photograph facing* 117

Vegetation and hydrology (H. L. Penman); *review* by J. Grindley, 283

Water yield from snow; A. B. Thomson, 332
Watt, G. A. and Benwell, G. R. R.; Prediction of the 24-hour displacement of thermal troughs, 351
Weather in the Mediterranean, Volume I, (second edition); *official publication*, 163
Weather: past and future ; H. H. Lamb, 269, *photographs facing* 270, 271
Williams, R. J.; *retirement*, 68, *obituary*, 257
Wind measurement by Doppler radar; P.G. F. Caton, 213, *corrigenda*, 257, 285, *photographs between* 212, 213
Winds at the 200 mb level over the tropics and sub-tropics during the seasons of monsoon change; J. G. Lockwood, 75
Working group on collection and processing of marine climatological data; 161
World Meteorological Organization Headquarters in Geneva; *photograph between* 212, 213
Worthington, A. A.; Conference of Commonwealth Meteorologists, May 1963, 273, *photograph facing* 274

Young, C. P.; A computer programme for the calculation of mean rates of evaporation using Penman's formula, 84
